

# ESMO EDUCATIONAL ACTIVITIES AND THE INVOLVEMENT OF YOUNG ONCOLOGISTS

**Professor Florian Lordick**  
ESMO Director of Education

Prague Onco 26 January 2022

**Education**

# ESMO VISION 2025

Standing by those who care about cancer

**ONE ONCOLOGY  
COMMUNITY**

**ACCESSIBLE  
CANCER CARE**

**EDUCATION  
FOR LIFE**

# #ONEoncologycommunity

## ESMO VISION 2025

Cancer professionals grow together in a community that fosters inclusion across disciplines and geographical borders to cater to their diverse needs.

## HOW IS IT PURSUED?

ESMO supports its members by providing **networking** and **professional growth opportunities**. Through ESMO, oncologists can **engage in projects, committees** and **working groups** aiming to promote science and foster improvements in the oncology practice.

# THE ESMO #ONEONCOLOGYCOMMUNITY

Members are at the heart of everything that ESMO does. ESMO is growing, as an inclusive Society, across borders and specialties.

## ESMO MEMBERS

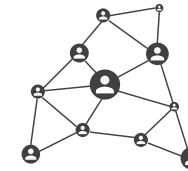

**> 25,000** members

**49%** women

a global community  
from **160** countries

**> 40** specialties

**50% ≤ 40yrs old**

## ESMO – COS: MEMBERSHIP AGREEMENT

**ESMO and the Czech Society for Oncology (COS) signed a joint membership agreement in 2014. The aim of the partnership is to promote education and scientific initiatives to the Czech oncology community.**

### ESMO - COS Agreement

Since January 2015, members of COS benefit from a simplified membership application process to join ESMO, avoiding the need for a Sponsor (i.e. details of an ESMO member who supports your application) or the need to provide an up-to-date Curriculum Vitae in English.

Additionally, all COS members eligible for ESMO membership at the €175 fee, will benefit from a reduced annual ESMO membership fee of €130 – saving €45.

If you are a member of the COS and eligible to receive this discount, please [contact](#)

**Country**  
Czech Republic

**Website**

Currently ESMO counts 81 members from the Czech Republic

# ADDRESSING MEMBERS' DIVERSE NEEDS ACROSS BORDERS

# EDUCATION FOR LIFE

Oncologists everywhere are supported in their development through continuous education that helps them keep up with standards of cancer care and advances in the field.

**#EducationforLIFE**

# LIFELONG LEARNING OPPORTUNITIES

## ESMO CONGRESSES

The platforms to present the latest clinical data, state-of-the-art education, and to network

The home of ESMO's educational and scientific resources, offering a broad range of publications and educational resources

**oncology//PRO**<sup>®</sup>  
Educational Portal for Oncologists

## LEARNING OPPORTUNITIES

Preceptorships, advanced courses, webinars, summits and other opportunities to support continuous learning

*Annals of Oncology, ESMO Open and IOTTECH* offer a highly visible platforms to publish scientific studies, and highly credible sources for educational updates

**ESMO ONCOLOGY JOURNALS**

**SHARING KNOWLEDGE**

# DAILY PRACTICE SUPPORT

## ESMO-MCBS

ESMO-Magnitude of Clinical Benefit Scale

A dynamic tool to assess the magnitude of clinical benefit of cancer medicines.

---

Also available:  
ESMO-MCBS searchable portal, with cancer medicines scorecards

A web portal with resources, recommendations, educational videos, latest news and more on COVID-19 and cancer

## COVID-19 & CANCER ESMO PORTAL

## CLINICAL PRACTICE GUIDELINES

A set of recommendations prepared and reviewed by leading experts, based on the findings of evidence-based medicine

### APPLYING KNOWLEDGE

Designed to assist patients, their relatives and caregivers to better understand the nature of different types of cancer and evaluate the best available treatment choices

## Patient Guides

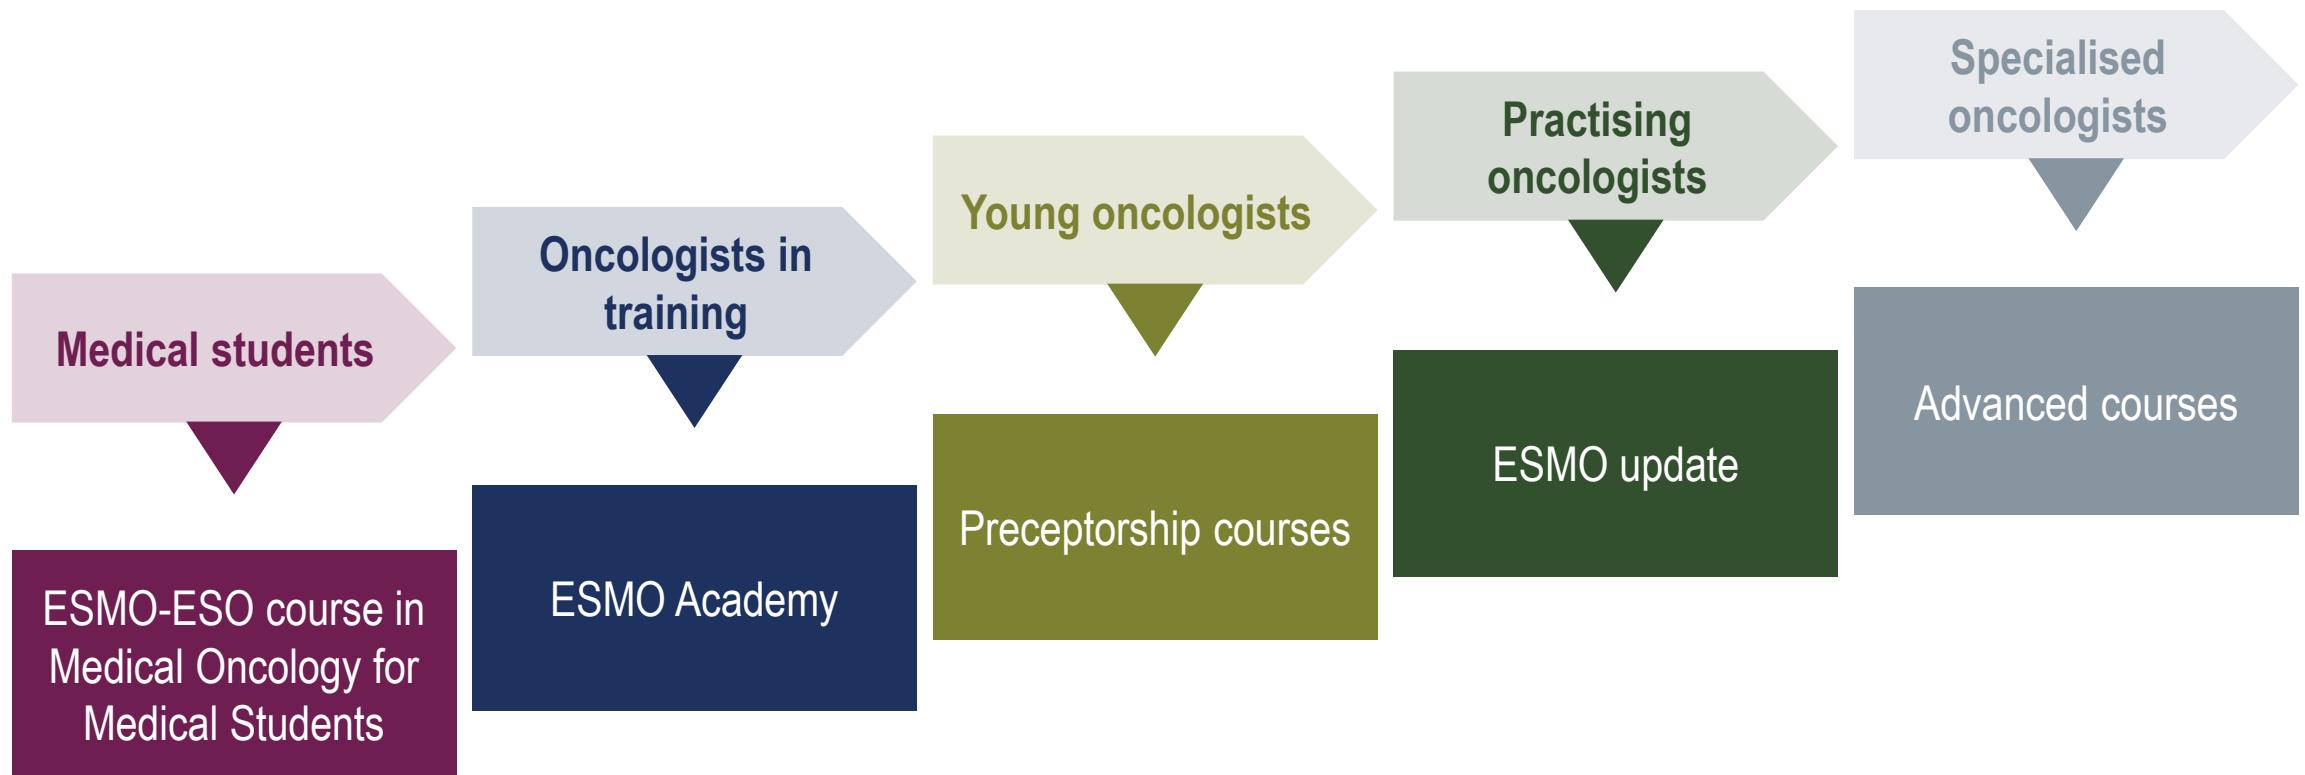

Guides for patients

Reliable medical information for cancer patients

# SUPPORTING DEVELOPMENT THROUGHOUT THE ONCOLOGIST'S CAREER

## Educational courses

# ESMO-ASCO GLOBAL CURRICULUM IN MEDICAL ONCOLOGY

Through various initiatives, ESMO aims to provide **consistent guidance on training** and the **knowledge required** for a successful career in medical oncology

**ESMO-ASCO Global Curriculum in Medical Oncology** is a set of common guidelines with a global perspective on the clinical training required for physicians to qualify as medical oncologists

- ▶ Endorsed by 51 national oncology societies
- ▶ Available in 11 languages
- ▶ 3rd edition released in 2017
- ▶ Adopted as basis for medical oncology training in several European countries
- ▶ Log Book available to keep record of progress and assess performance

# THE ESMO EXAMINATION

Through various initiatives, ESMO aims to provide **consistent guidance on training** and the **knowledge required** for a successful career in medical oncology

**The ESMO Examination** is a valuable assessment tool for practising medical oncologists and an excellent opportunity for medical oncologists in training to assess their knowledge

- ▶ Serves as the written part of the Board Certification in Medical Oncology in Switzerland and Slovenia
- ▶ Successful candidates will be certified for five years
- ▶ Examination accredited with 50 category 1 ESMO-MORA CME points

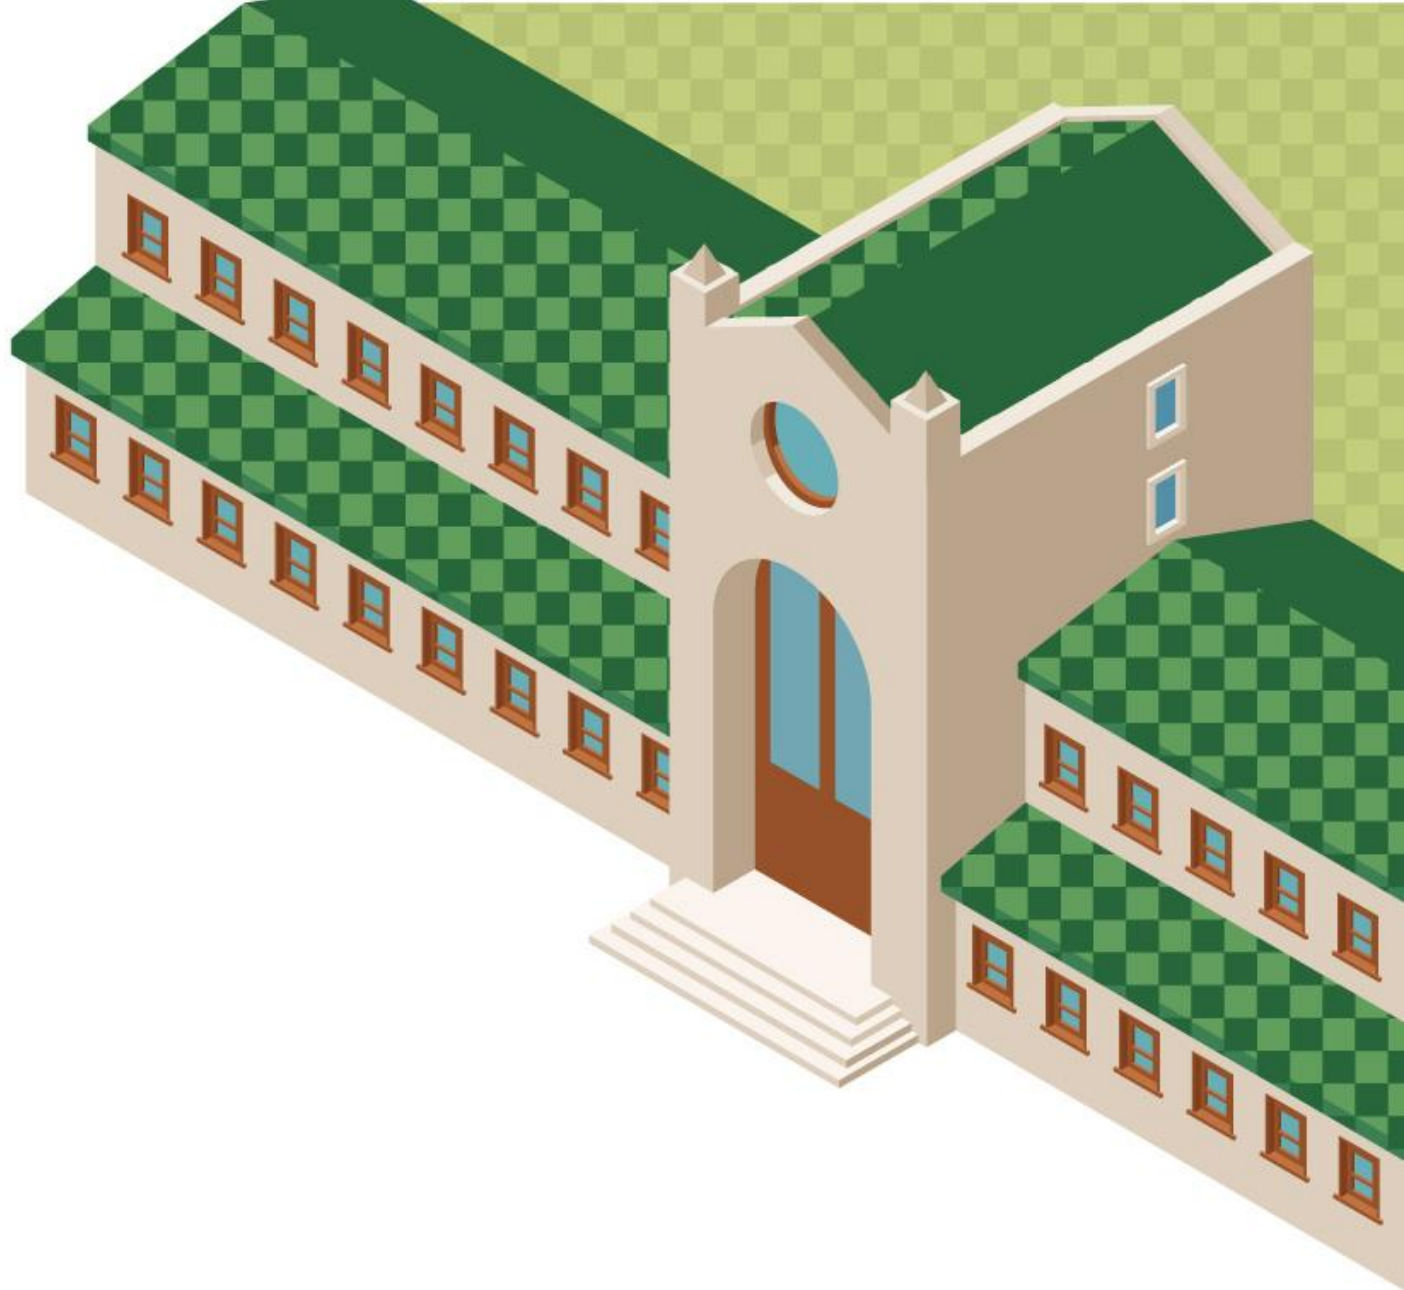

# ESMO ACADEMY

An ESMO Meeting

**PRAGUE CZECH REPUBLIC &  
DUBLIN IRELAND  
20-21 AUGUST 2021**

The ESMO Academy is specifically designed for professionals who intend to take the ESMO Examination, medical oncologists in training and professionals in need of a refresher course.

The purpose of this annual educational meeting is to offer a general, yet in depth update on the major topics in medical oncology today.

# PRECEPTORSHIPS & ADVANCED COURSES

- ◆ Successful educational courses limited in size to retain interactivity
- ◆ Reserved to ESMO Members (MDs)
- ◆ Free registration/ free accommodation & a travel grant (for in-person courses)
- ◆ Free participation for ONLINE courses
- ◆ Participation upon selection
- ◆ Apply on line at [www.esmo.org](http://www.esmo.org)

## **Preceptorships -> Suitable mainly for YO and general oncologists**

17 Virtual Courses held in 2021

23 Courses planned in 2022

## **Advanced Courses -> Experienced Oncologists and other specialties**

12 Courses held in 2021 (1 as in-presence course)

14 Courses planned in 2022

# YO TRACKS AT ESMO ANNUAL CONGRESSES

Knowledge and networking for Young Oncologists @ESMO Annual Congress and ESMO

Whether live or virtual, the young oncologists Congress track includes a wide range of sessions aimed at the career needs of young oncologists:

- Vesalius Talks
- YO Masterclasses
- Mentorship Sessions
- YO Forums
- YO Brunch Sessions
- Boxing Sessions
- Clinical Case Discussions
- Sessions for Medical Students and new Physicians
- Poster Walks

# VIRTUAL TRAIN TO ESMO

Brought to you by the ESMO YOC and the ESMO Climate Change Task Force

16 sessions from 26 August to 15 September  
>200 participants

### KMunicate project

Survey of statisticians, clinicians + others  
1174 respondents, including journal editors

Abeid Athman @bin\_abeid · Sep 3

The #traintoESMO's stop in South Africa was amazing. We had great gynaecological case discussions with @BanerjeeSusana. Thank you #YOC @kfoury\_maria for hosting us in South Africa. @TeresaSamaral take us to @myESMO now. #ESMO21 is coming. Stay tuned!

July-August 2014: EBRT 50 Gy

Then surveillance:  
MRI thigh + lung and abdominal-pelvis CT scan every 6 months (low grade)  
Abdominal cavity: first site of distant relapse in MLPS  
(F. Grosso, Lancet Oncology 2007)

2021: complete remission, normal life, active worker

### CASE 1: NEWLY-DIAGNOSED OVARIAN CANCER

Patient presentation:  
• 68 year old female with 6 weeks history of abdominal distension  
• Hypermenstrual with irregular bleeding  
• CA-125: 857 U/ml, ESR08: 11  
• No relevant family history

Multidisciplinary team:  
• Multistage Stage IV disease  
• Neoadjuvant chemotherapy  
• No tumor diagnosis biopsy required prior to systemic therapy

First line treatment:  
• Neoadjuvant chemotherapy: 3 cycles of carboplatin (AUC2.5 + paclitaxel 175 mg/m<sup>2</sup> IV over 3 hours)  
• BRCA results:  
• All cycle 3 HRD positive, no BRCA mutation

Diagnostic work-up:  
• US history relevant masses  
• MRI scan of abdomen & pelvis confirmed bilateral solid mass, enlarged para-aortic lymph nodes, cervical metastases, central liver disease, idiopathic disease  
• PET CT primary debulking workup of residual lymph nodes  
• Samples taken for BRCA testing

Biopsy results:  
• Ovarian biopsy confirmed HGS serous papillary cystadenocarcinoma  
• Tissue sent for HRD testing

After 3 cycles:  
• PET scan confirmed no FDG-avid hypermetabolic nodes  
• Partial response  
• Interval including surgery  
• Residual disease

What treatment post surgery?  
What maintenance therapy options?

# YO4YO VIRTUAL SESSION SERIES

YO FOR YO VIRTUAL SESSIONS SERIES

- A combination of Mentorship, Clinical Case Discussions and How to career development oriented virtual sessions

YO VIRTUAL SESSIONS  
YO CASE DISCUSSION

YO VIRTUAL SESSIONS  
YO HOWTO

YO VIRTUAL SESSIONS  
YO MENTORSHIP

- Run regularly throughout the year (once a month)
- Faculty: Typically 1 x Mentor/Expert and one YOC Member per session.
- From 2022 introducing dedicated virtual sessions on Molecular Tumor Boards, starting with a collaboration with the GI - upper digestive Faculty Group

**YO Virtual Mentorship Session**

**ESMO Visual Abstract Workshop**

3 September, 15:00-16:30 CEST

esmo\_eur\_oncology • Follow

esmo\_eur\_oncology New exciting workshop for #YoungOncologists on how to create a visual abstract to improve the dissemination of #scientificresearch. Join us on Friday 3 Sept (15:00-16:30 CEST) to get practical advice and connect with experts and peers.

Registration is free but mandatory. Space is limited.

# ESMO VIRTUAL MENTORSHIP PROGRAMME

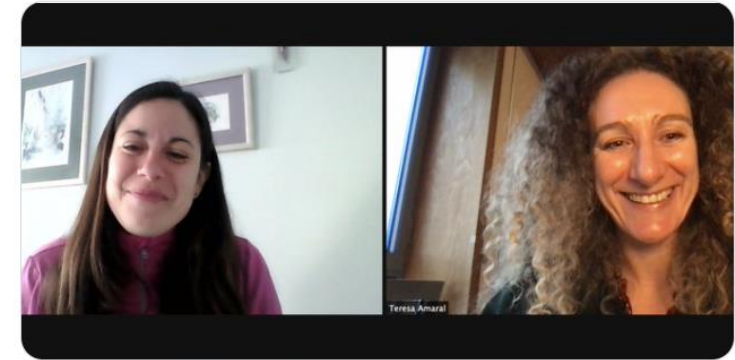

12 Month programme, pairing a young oncologist (<40 years old) with a mentor

Mentor offers 1:1 guidance through virtual technology to help shape an action plan, steps and timeline to meet the agreed professional goal

Examples of mentorship needs:

- Skill development
- Career advice
- Developing your research interests
- Publishing papers
- Grant applications
- Addressing burnout issues e.g. establishing a healthy work-life balance

 **Teresa Amaral** @TeresaSAmaral · Jun 2  
The (possible) 😊 photo of our last #YOC #virtual #mentorship meeting. Very happy to work with Slavica Zubcic and looking forward to the outcome of this activity together 😊😊

Teresa Amaral and ESMO - Eur. Oncology

 **Mel Valerie Cruz-Ordinario** @mccordinario1 · Oct 9  
Dear YO, please apply if you can. I can't thank @myESMO #ESMOYOC and my mentor @TaberneroJosep enough for their significant role in helping me see a clearer picture of what I want to achieve as an oncologist.

 **ESMO - Eur. Oncology** @myESMO · Oct 2

The ESMO Virtual Mentorship Programme: your chance to be matched with an ESMO Leader to get 1:1 mentorship in an area important to your personal #careerdevelopment & where you have no access to a mentor.

👉 Applications open [ow.ly/h4cm50GjZNF](https://ow.ly/h4cm50GjZNF)

@TeresaSAmaral #ESMOYOC

# INSPIRING GENDER EQUALITY IN ONCOLOGY

## OBSERVE

To build awareness of gender imbalances by conducting research into gender gap.

## REPORT

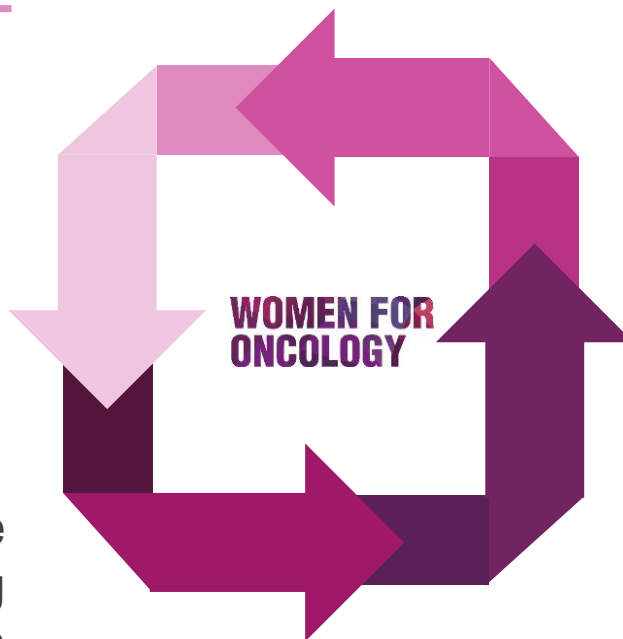

On gender disparities in oncology by disseminating our findings across countries and regions

## INSPIRE

By recognising members who have significantly contributed to supporting the career development of women in oncology with the ESMO W4O Award

## SUPPORT AND COLLABORATE

With initiatives undertaken at a national level to promote gender balance and support female oncologists in their career development

# ESMO LEADERS GENERATION PROGRAMME

## Nurturing future leaders

Designed to identify and nurture ESMO's **future leaders** – the programme provides participants with the opportunity to acquire new communication and leadership skills and learn about ESMO's role in the world of oncology

LGP Europe 2019

LGP Asia 2019 (1<sup>st</sup> edition)

# ESMO FELLOWSHIP OPPORTUNITIES

The ESMO Oncology Fellowship Programme promotes

Professional development

Research, education and the science of medical oncology

Importance of mentors to supervise and guide young oncologists

Networking of oncology institutes and oncology fellows

**Evandro de Azambuja**  
Fellowship Committee Chair

# ESMO FELLOWSHIP OPPORTUNITIES

**Research Fellowship:** Depending on focus it offers comprehensive bench-to-bedside training in translational research or provides the necessary support to develop clinical oncology research projects.

**Integration Fellowship:** Created for young oncologists from certain countries which has been expanded to include countries outside of Europe i.e. Brazil, India, Egypt... This fellowship promotes knowledge transfer from a European center of excellence to the fellow's home institute.

**Translational Research Unit Visits:** Organised by ESMO, these educational events focus on technology, project management, funding, clinician relationship and quality control. Visits are for a group of 10 and take place in mainly Spring and Autumn.

**Clinical Unit Visits:** Short educational visits to enable participants to acquire know-how from a European center of excellence and transfer it to their home institute.

Promote evidence-based quality cancer care by disseminating the ESMO Clinical Practice Guidelines

Present a clinical case for critical discussion in the context of the ESMO Clinical Practice Guidelines with the contribution of guideline experts, YO and practicing oncologists

Audit the acceptance and implementation of the ESMO CPG recommendations by means of an online questionnaire

On air the last Tuesday of every month at 18.30 CET

# POCKET GUIDELINES SERIES

Abridged printed and app versions of ESMO CPGs

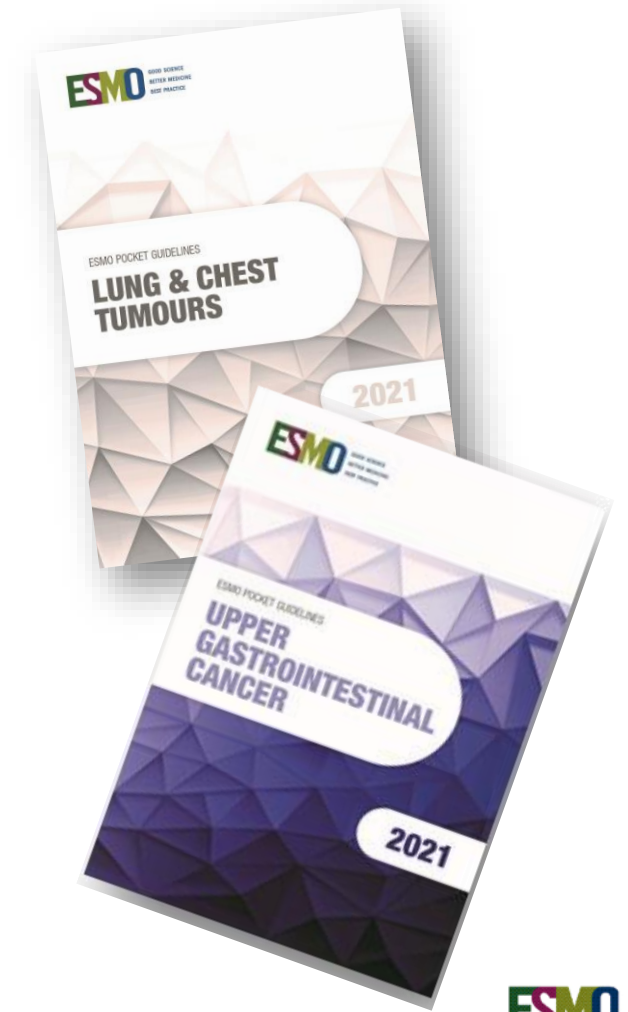

- New/updated pocket guidelines are published in time for distribution at the ESMO annual congress
- Pocket Guidelines are produced both in printed and mobile/web app versions
- The app includes PDFs and interactive versions of each title (interactive sections for 2021 are currently in development)

Web App

Mobile App

# ESMO OFFER FOR UNDER 40 AND IN TRAINING

- › **25 EUR annual membership fee**
- › **Reduced registration fees at ESMO events**
- › **Eligible to apply for ESMO Preceptorships** (mainly designed for early career oncologists) and participate in dedicated **YO sessions** at ESMO Meetings
- › **Resources on OncologyPRO**, ESMO's online educational portal
  - › **Educational books** – Essentials for Clinicians series providing a simplified overview on cancer malignancies, Handbooks and other resources in ESMO's Education Library, publications freely available online, E-and V-Learning modules, podcasts, Webinars, our Global Curriculum and log book and much more
  - › **Webcasts and slides** from all ESMO Meetings and Courses, Virtual Plenaries featuring the latest scientific advances, and curated oncology news
- › **Networking tools and opportunities**
  - › **ESMO Membership Directory**
  - › **ESMO Members-only Lounge** at main ESMO Congress
  - › **YO Networking event** at main ESMO Congress
- › **Reliable and timely content**
  - › Online only access to ESMO's oncology journals: **Annals of Oncology**, **ESMO Open** and **Immuno-Oncology and Technology (IOTECH)** and reduced article submission fees for Members
